

**Session:** BEST+ Webinar - International Student Experiences - digitising management

**Aim of session:** To give the participants an update about technological tools that are available in order to improve international student experiences.

**Material needed:** Equipment to record the session. This is available through the BEST+ online platform. You should have a good microphone for the recording.

**Time of session:** 25-30 minutes

**Description of session:** This online session is to be held after the physical training. The facilitator explains some of the online tools that can be used to help both students and staff, to improve the international student experiences.

**Other notes:** The online session that was recorded for the BEST+ training is available on Youtube, at <https://www.youtube.com/watch?v=XoZfzyrF7SQ&feature=youtu.be>.
